

BRAIN STAGE		TIME FRAME	VISUAL COMPETENCE	AUDITORY COMPETENCE	TACTILE COMPETENCE
VII	SOPHISTICATED CORTEX	Superior 36 Mon. Average 72 Mon. Slow 144 Mon.	Reading with total understanding ³⁷ Sophisticated human understanding Age : _____	Understanding of complete vocabulary and proper sentences ³⁸ Sophisticated human understanding Age : _____	Tactile identification of objects ³⁹ Sophisticated human understanding Age : _____
VI	PRIMITIVE CORTEX	Superior 18 Mon. Average 36 Mon. Slow 72 Mon.	Identification of visual symbols and letters within experience ³¹ Primitive human understanding Age : _____	Understanding of 2000 words and simple sentences ³² Primitive human understanding Age : _____	Ability to determine characteristics of objects by tactile means ³³ Primitive human understanding Age : _____
V	EARLY CORTEX	Superior 9 Mon. Average 18 Mon. Slow 36 Mon.	Differentiation of similar but unlike simple visual symbols ²⁵ Early human understanding Age : _____	Understanding of 10 to 25 words and two word couplets ²⁶ Early human understanding Age : _____	Tactile differentiation of similar but unlike objects ²⁷ Early human understanding Age : _____
IV	INITIAL CORTEX	Superior 6 Mon. Average 12 Mon. Slow 24 Mon.	Convergence of vision resulting in simple depth perception ¹⁹ Initial human understanding Age : _____	Understanding of two words of speech ²⁰ Initial human understanding Age : _____	Tactile understanding of the third dimension in objects which appear to be flat ²¹ Initial human understanding Age : _____
III	MID - BRAIN	Superior 3.5 Mon. Average 7 Mon. Slow 14 Mon.	Appreciation of detail within a configuration ¹³ meaningful appreciation Age : _____	Appreciation of meaningful sounds ¹⁴ Meaningful appreciation Age : _____	Appreciation of gnostic sensation ¹⁵ Meaningful appreciation Age : _____
II	PONS	Superior 1 Mon. Average 2.5 Mon. Slow 5 Mon.	Outline perception ⁷ Vital perception Age : _____	Vital response to threatening sounds ⁸ Vital perception Age : _____	Perception of Vital sensation ⁹ Vital perception Age : _____
I	MEDULLA AND CORD	Superior Birth to 6 Mon. Average Birth to 10 Mon. Slow Birth to 20 Mon.	Light reflex ¹ Reflex perception Age : _____	Startle reflex ² Reflex perception Age : _____	Babinski reflex ³ Reflex perception Age : _____

MOBILITY COMPETENCE	LANGUAGE COMPETENCE	MANUAL COMPETENCE
Using a leg in a skilled role which is consistent with the dominant hemisphere ⁴⁰ Sophisticated human expression Age : _____	Complete vocabulary and proper sentence structure ⁴¹ Sophisticated human expression Age : _____	Using a hand to write which is consistent with the dominant hemisphere ⁴² Sophisticated human expression Age : _____
Walking and running in complete cross pattern ³⁴ Primitive human expression Age : _____	2000 words of language and short sentences ³⁵ Primitive human expression Age : _____	Bimanual function with one hand in a skilled role ³⁶ Primitive human expression Age : _____
Walking with arms freed from the primary balance role ²⁸ Early human expression Age : _____	10 to 25 words of language and two word couplets ²⁹ Early human expression Age : _____	Cortical opposition bilaterally and simultaneously ³⁰ Early human expression Age : _____
Walking with arms in a primary balance role most frequently at or above shoulder height ²² Initial human expression Age : _____	Two words of speech used spontaneously and meaningfully ²³ Initial human expression Age : _____	Cortical opposition in either hand ²⁴ Initial human expression Age : _____
Creeping on hands and knees, culminating in cross pattern creeping ¹⁶ Meaningful response Age : _____	Creation of meaningful Sounds ¹⁷ Meaningful response Age : _____	Prehensile grasp ¹⁸ Meaningful response Age : _____
Crawling in the prone position culminating in cross pattern crawling ¹⁰ Vital response Age : _____	Vital crying in response to threats to life ¹¹ Vital response Age : _____	Vital release ¹² Vital response Age : _____
Movement of arms and legs without bodily movement ⁴ Reflex response Age : _____	Birth cry and crying ⁵ Reflex response Age : _____	Grasp reflex ⁶ Reflex response Age : _____

VISUAL COMPETENCE

VII. (a) Does your child read ?

Yes ☐ No ☐

Number of books _____

Sentences _____

Phrases _____

Words _____

(b) If over six, does your child read at his age level ?

Yes ☐ No ☐

VI. Does your child know letters and/or numbers?

Letters Yes ☐ No ☐

Numbers Yes ☐ No ☐

V. (a) Does your child know Pictures?

Yes ☐ No ☐

(b) Does your child recognize traffic signals?

Eg: Difference between Red, Amber and Green.

Yes ☐ No ☐

IV. (a) Are your child's eyes consistently straight throughout the day?

Yes ☐ No ☐

(b) Even if your child is tired, sick or upset, do his eyes remain perfectly straight?

Yes ☐ No ☐

III. (a) Does your child recognize many familiar objects?

Yes ☐ No ☐

(b) Does your child recognize your face without any auditory or tactile clues?

Yes ☐ No ☐

(c) If you change your facial expression greatly, does your child notice?

Yes ☐ No ☐

II. (a) Does your child follow you with his eyes as your walk across the room?

Yes ☐ No ☐

(b) Is your Child aware of lights?

(c) Do your Child's Pupils constrict immediately when you shine a light into his eyes?

Yes ☐ No ☐

I. Do the Child's pupils dilate in a Dark room?

Yes ☐ No ☐

AUDITORY COMPETENCE

VII. (a) Does your child understand all of the vocabulary in his everyday environment:

As well as an average six year old?

Yes ☐ No ☐

(b) If over six, does your child understand at his age level?

Yes ☐ No ☐

VI. (a) Does your child understand at least 2,000 words?

Yes ☐ No ☐

(b) Does he follow two or three-step instructions?

Yes ☐ No ☐

Please give an example _____

V. (a) Does your child understand 10 to 25 words?

Yes ☐ No ☐

Please list them _____

(b) Does your child respond to directions?

Yes ☐ No ☐

Please give an example _____

(c) Does your child understand couplets of words

Yes ☐ No ☐

Eg: get up, sit down, blue shirt, orange juice

IV. Does your child consistently respond to two or more words

Yes ☐ No ☐

III. (a) Does your child respond with a smile to your loving tone of voice?

Yes ☐ No ☐

(b) Does your child get upset when you speak in an angry tone of voice?

Yes ☐ No ☐

(c) Does your child react appropriately to everyday noises in the house?

Yes ☐ No ☐

II. Does your child follow /respond to loud and threatening sounds?

Yes ☐ No ☐

I. (a) Does your child physically startle at any sudden or sharp sound?

Yes ☐ No ☐

(b) Does your child react appropriately to sudden sounds?

Yes ☐ No ☐

TACTILE COMPETENCE

- VII. (a) Can your child tell the "head" from the tail of a coin by touch alone? Yes ☐ No ☐
- (b) Can he do so with both hands? Yes ☐ No ☐
-
- VI. (a) Does your child determine the characteristics of objects by touch alone (i.e hard, soft, fuzzy, sticky etc) Yes ☐ No ☐
- (b) Can he do so with both hands? Yes ☐ No ☐
-
- V. (a) Does your child recognize familiar objects by the way they feel ? Yes ☐ No ☐
- (b) Can he do so with both hands? Yes ☐ No ☐
- (c) Does your child differentiate between a toy elephant and a toy horse just by touch with closed eyes. Yes ☐ No ☐
-
- IV. (a) Can your child feel a penny on a flat surface? Yes ☐ No ☐
- (b) Can he do so with both hands? Yes ☐ No ☐
-
- III. (a) Does your child appreciate coolness and warmth appropriately? Yes ☐ No ☐
- (b) Does your child enjoy being stroked? Yes ☐ No ☐
- (c) Is his response appropriate all over his body? Yes ☐ No ☐
- (d) Does your child respond to soft touch? Yes ☐ No ☐
-
- II. (a) Does your child have an immediate response to pain in all the areas of his body? Yes ☐ No ☐
- (b) Does your child have an appropriate response to hot and cold? Yes ☐ No ☐
- (c) Is his response appropriate all over his body? Yes ☐ No ☐
-
- I. Use your thumbnail to scratch the sole of your child's foot from the heel to the toe. Does his big toe move downward? Yes ☐ No ☐

MOBILITY COMPETENCE

- VII. (a) Can your child balance on one foot? Yes ☐ No ☐
- (b) Which foot does he prefer? Left ☐ Right ☐
- (c) Can your child kick a ball? Yes ☐ No ☐
- (d) Which foot does he prefer? Left ☐ Right ☐
- (e) If over six, is his coordination appropriate for his age? Yes ☐ No ☐

-
- VI. (a) Does your child walk in a cross pattern? Yes ☐ No ☐
- (b) Does he run in a cross pattern? Yes ☐ No ☐
- (c) Is his walking and running appropriate for his age? Yes ☐ No ☐

-
- V. (a) Can your child walk across a room carrying an object? Yes ☐ No ☐
- (b) Does your child walk with his arms down? Yes ☐ No ☐

-
- IV. (a) Can your child walk across a room completely independently? Yes ☐ No ☐
- (b) Does your child walk across the room with his arms up in the air for balance? Yes ☐ No ☐
- (c) Does your child stand up without support ? Yes ☐ No ☐

-
- III. (a) Does your child creep across the room on his hands and knees? Yes ☐ No ☐
- (b) Does your child creep in a smooth cross pattern? Yes ☐ No ☐

-
- II. (a) Does your child crawl across the room on his tummy? Yes ☐ No ☐
- (b) Does your child crawl in a smooth cross pattern? Yes ☐ No ☐

-
- I. (a) Does your child move his arms and legs freely? Yes ☐ No ☐
- (b) Are his arms and/or legs too tight or too floppy? Yes ☐ No ☐

LANGUAGE COMPETENCE

VII. (a) Does your child speak-as well as an average six-year-old ? Yes ☐ No ☐

(b) If over six, does your child speak at his age level? Yes ☐ No ☐

VI. (a) Does your child say 2,000 words? Yes ☐ No ☐

(b) What percentage of what he says can you understand ? %

(c) Does he speak consistently in short sentences ? Yes ☐ No ☐

Please give an example _____

V. (a) How many words does your child say? Words

Please give examples: _____

(b) Does your child use two words together like "good boy", "sit down"? Yes ☐ No ☐

Please give an example _____

IV. Does your child say two or more words spontaneously and meaningfully? Yes ☐ No ☐

Please list them : _____

III. (a) Does your child make a variety of sounds which let you know whether he is happy, unhappy, hungry or asleep ? Yes ☐ No ☐

(b) Does he make the full range of sounds of a well-seven-month-old? Yes ☐ No ☐

II. (a) Does your child have a vital cry when he is in pain? Yes ☐ No ☐

(b) Is his cry appropriately loud? Yes ☐ No ☐

I. Does he have a lusty cry? Yes ☐ No ☐

MANUAL COMPETENCE

VII. (a)	Does your child speak/ write independently?	Yes ☐	No ☐
(b)	How many words can he write?	Words	
(c)	Can he write in sentences?	Yes ☐	No ☐
(d)	With which hand does he write?	Left ☐	Right ☐
(e)	Is his writing equal to other kids his age?	Yes ☐	No ☐
VI. (a)	Can your child unscrew a lid from a bottle?	Yes ☐	No ☐
(b)	Can your child pour water from a mug into a glass, holding both the objects in his hands?	Yes ☐	No ☐
(c)	If yes, in which hand does he lift the heavier object?	Left ☐	Right ☐
V.	Can your child pick up objects between his thumb and fore finger using both hands at the same time?	Yes ☐	No ☐
IV. (a)	Does your child pick up objects between his thumb and fore finger (for example, picking up crumbs)?	Yes ☐	No ☐
(b)	Does he hold a pen/pencil between his thumb and two fingers?	Yes ☐	No ☐
(c)	Does he do so equally well with both hands?	Yes ☐	No ☐
III. (a)	Does your child spontaneously reach out and pick up objects?	Yes ☐	No ☐
(b)	Does he do so equally well with both hands?	Yes ☐	No ☐
II. (a)	Does your child have the ability to let go/release of an object easily?	Yes ☐	No ☐
(b)	Does he do so equally well with both hands?	Yes ☐	No ☐
I.	When you put an object /finger in the palm of your child's hand does he grasp it?	Yes ☐	No ☐
